AN ORBIT IS A HISTORY of Classen events.
The school year is not sorted and divided into subtitles
such as sports, organizations, and activities.

Instead you remember an assembly, a football
game, a mixer. For this reason we have made a rec-
ord of these affairs as they occurred. Inside this cover
is the 1949-50 school year as it happened to you.

Our greatest disappointment came when Miss
Blanche Paul was not able to be with us the entire
school year. The seniors envy the juniors and sopho-
mores the privilege of being under her direction and
influence next year.

Because of her unselfish work in the past and the
untiring effort she will exert in the future we dedicate
this 1950 yearbook to Miss Paul.

Dear Elinor -
One of the
nicest and sweetest
girls I know. Stay that
way.
Love ya,
Carolyn B.

Dear Elinor
Best of luck
while at Classen
and in the future years.

ADMINISTRATION

Working without remuneration, the Oklahoma City School Board establishes the rules and policies of our city schools. This group of prominent business men have taken time from their own duties to help formulate a school system that ranks high in the nation.

They are, left to right: Mr. John Pearson, Jr., Mr. R. Lewis Barton, Mr. Ira Williams and Mr. C. B. McCray. Mr. Vernon Beals, president of the board, is not pictured.

DR. FRED W. HOSLER

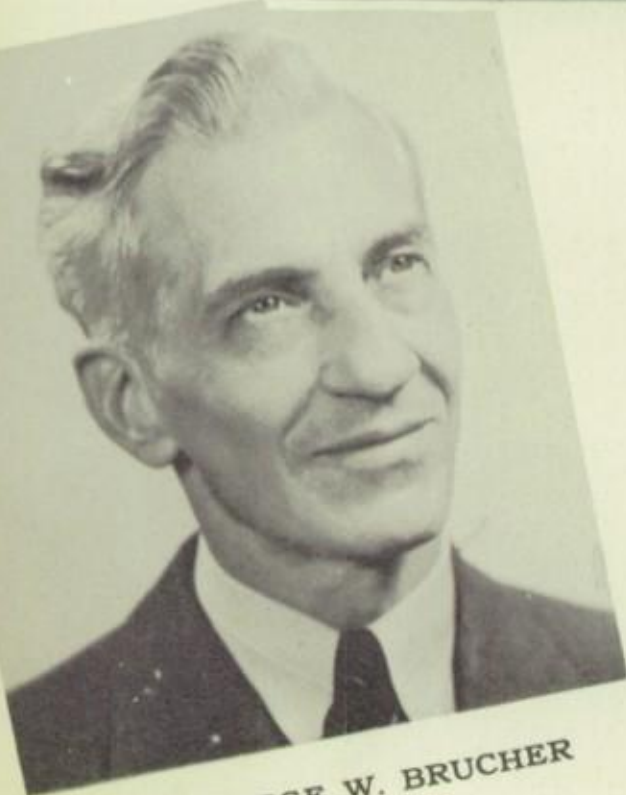

This is the second year Dr. Hosler has been the superintendent of schools in Oklahoma City. He has the reputation of being one of the ablest educators in the southwest. He came to this city from Allentown, Pennsylvania where he had gained national prominence. He has the interests of the teachers and schools foremost and has attempted to make our school system one of the finest in the country.

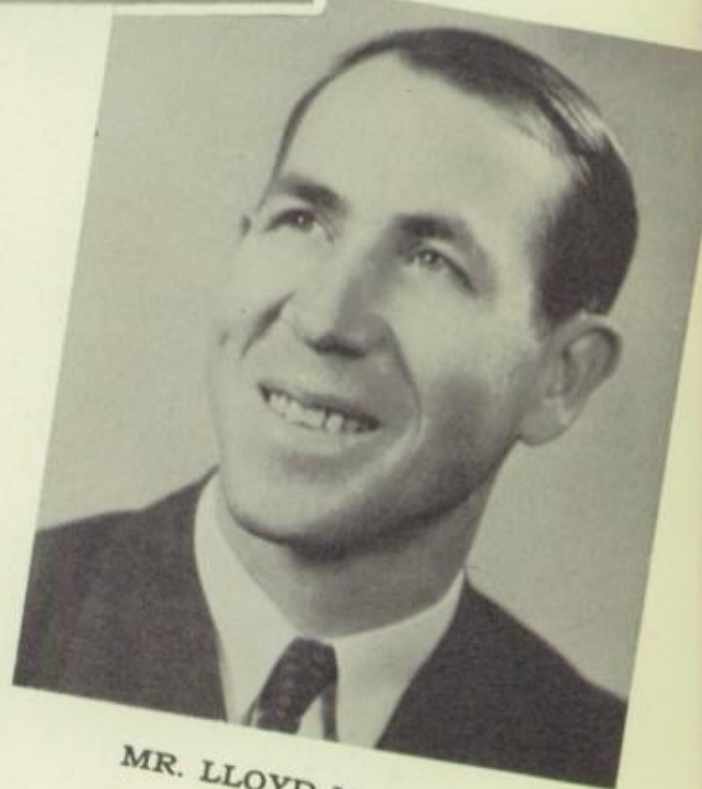

MR. WILLIAM H. TAYLOR
Principal, Classen High School

Mr. Taylor, who is serving his seventh year as principal of Classen, has the confidence of both the faculty and student body. His never-swerving loyalty to the school and its organizations have given all a sense of security and devotion that is found in few high schools.

Together with Mr. Brucher and Mr. Estes, they have formed a team that is infallible in adjusting and maintaining attendance, discipline and other problems.

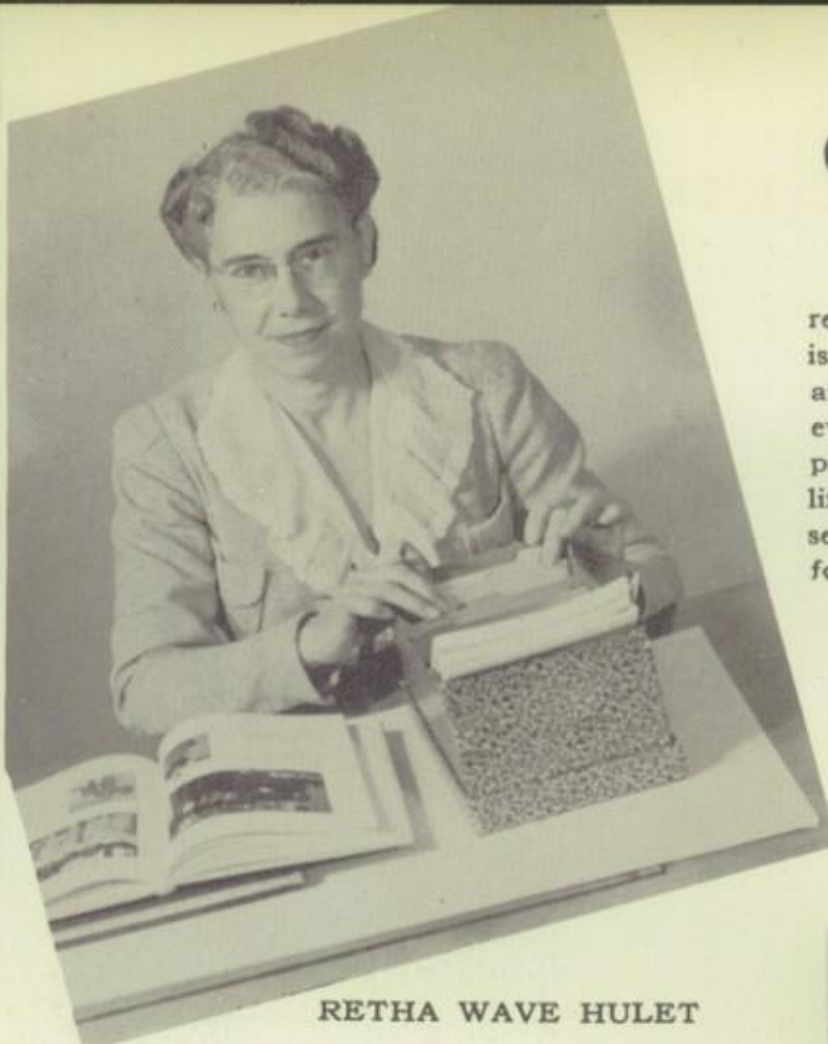

DR. GEORGE W. BRUCHER

MR. LLOYD M. ESTES

DUANE WEINERT

RETHA WAVE HULET

Counselors

To gain the confidence and respect of all the boys and girls is an easy task for Mr. Weinert and Miss Hulet. They help every student in any personal problem that may arise in school life as well as advise and counsel as to the choice of colleges for each Classenite.

Below: It's more pleasant to smile than give out time, agree Imogene Vincent and Mary Biswell.

Library

The library is a familiar place to all students, even if he visits room 120 only to find the "thinnest" book the night before book reports are due. Under Miss Cockrum the library answers the need and demands of all the school. It is a complete and ever growing source for any field of learning.

EUNICE COCKRUM

Office Personnel

The clearing house for all of Classen is of course the office. From getting admittance slips from Mrs. Biswell to checking in activity money to Mrs. Matthews, the office is always ready. Mrs. Matthews is secretary to Mr. Taylor, Mrs. Alley registrar, and Mrs. Biswell and Mrs. Vincent attendance officers.

Relaxing for a few minutes well deserved rest are Clara Alley and Laura Matthews.

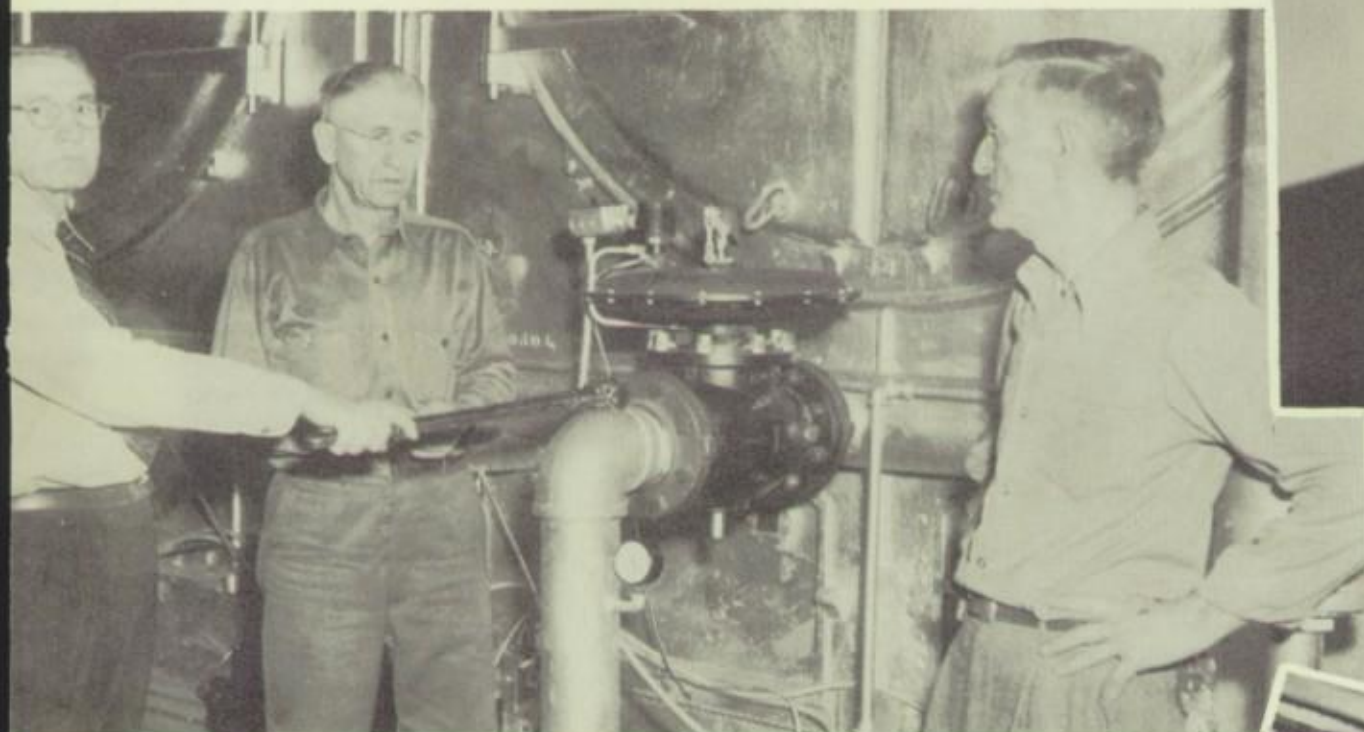

Building Supervision

One of the most important jobs in Classen is under the direction of Mr. Shriver. Did you ever wonder what our classrooms would be like on a cold winter morning, if Nick or Sparks or someone else hadn't been here at 6 A.M. turning on the heat.

Mr. Shriver is retiring this year. He has seen the school grow larger and finer. He remembers when the cafeteria was on the third floor, the office on the second floor and all basketball games were played on the stage in the auditorium. He is an integral part of Classen and can never be replaced. We'll miss you next year, Hughie.

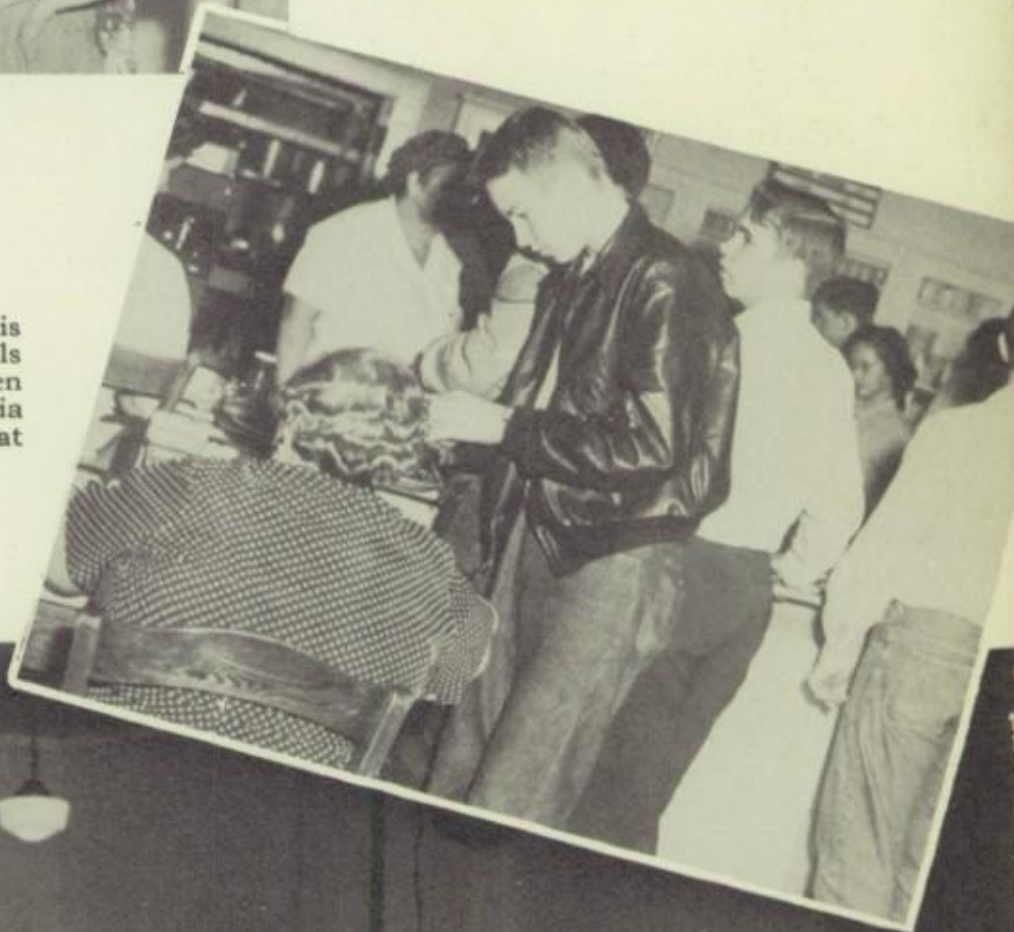

HUGH SHRIVER

Cafeteria

It's said that the way to a man's heart is through his stomach. Mrs. Gambrell uses that philosophy and the pupils of Classen respond whole-heartedly. Efficiently, all of the women plan and serve nutritious lunches to the students. Mrs. Theodosia Gambrell, in charge of this popular room, will end her stay at Classen this year.

It's a tight squeeze as Ronnie Spencer rips across for a touchdown against Lawton.

Completing our most successful season since state champion days, Classen's mighty Boulevard Boys amassed an outstanding 8-2 record for the '49 season. With coach Jim Conger at the helm, aided by his competent assistants Rex Irwin and Bill Bynum, the Comets ended the season one of the most highly touted elevens in the state. They captured second place in Mid-State Conference play and finished the season with seven straight wins. Classen started the season by playing in the highschool round-robin game. However, this was mainly a practice session for all the participants.

In the first regular season play, we knocked off the Lawton Wolverines 20-0. Next, we met the Little Rock Tigers while the Arkansas state champs were riding the crest of a 67 game winning streak! Score: Little Rock 12, Classen 0. Then Conger's charges met the soon-to-be Oklahoma kingpins, the Capitol Hill Redskins. We pinned our hopes on an aerial attack that didn't

click and were beaten off, 20-0.

After this defeat, we really started rolling. Winning a thriller from Northeast 19-13, we went on to capture the biggest game of our season from our traditional rivals, the Central Cards, to the tune of 13-7.

After Central, the Comets easily handled Putnam City 34-6 and slipped by the dangerous Enid Plainsmen, 21-13. By this time, there was no stopping our gridiron gladiators and we ran over Norman 20-6 and Shawnee, 27-0. We closed the season by beating Tulsa Rogers in a thriller, 13-6.

All in all, this was a great season for the Comets and a tribute to the quality of our coaches. The only team in the state to knock off the Shooting Stars was the state champion Redskins. This defeat came while the boys were still shaken from the Little Rock setback. Many observers feel, on the strength of our fast ending, that if we had another chance we would have given Capitol Hill a run for their money.

The Meteor Christmas dance was the scene of the coronation of the club's queen, Jackie Johnson. Pictured from left to right are the Queen, her attendants and escorts: Dee Turner, Gwen Foster, Jeanette Ruhman, James Thomas, Queen Jackie Johnson, Kaye Fisher, Joyce Drewell, Lon Pickens, Lola Hall, and Earl Madison.

The cheerleaders have one of the most popular honors that can be obtained at Classen. With their pep and cheers they carry on pep assemblies and from those assemblies they take the spirit to the games which is really part of the game.

All students have the same opportunity to become cheerleaders. With about sixty or seventy people trying out they are eliminated down to eighteen. There, eighteen try out in front of the student body, and six are chosen from them.

Don Tubb and Tom Owen have done a wonderful job in leading their cheers in front of many enthusiastic audiences.

Row One: Jim Kearns, Diane Vandagriff, Judy Shelton, Elaine Branson, Frank Mitchell, Sam Shadid, Ralph Bunch, John McDowell, Carmelita Spurlock, Wanda Voris, Pat Lowe, Gloria Lord, Theresa Wolf, Jim Trombla, Terry Prather, Bill Elliott.

Besides playing Concerts for P.-T.A. and Parents orgazinations, the Classen Band sponsored a Woody Herman King Cole trio show to help enable them to buy new instruments for the coming year.

In spring they entered the state contests and tri-state meet in Enid.

Looks like Norma Sanders is headed for a Classen touchdown during the Classettes Comet Capers.

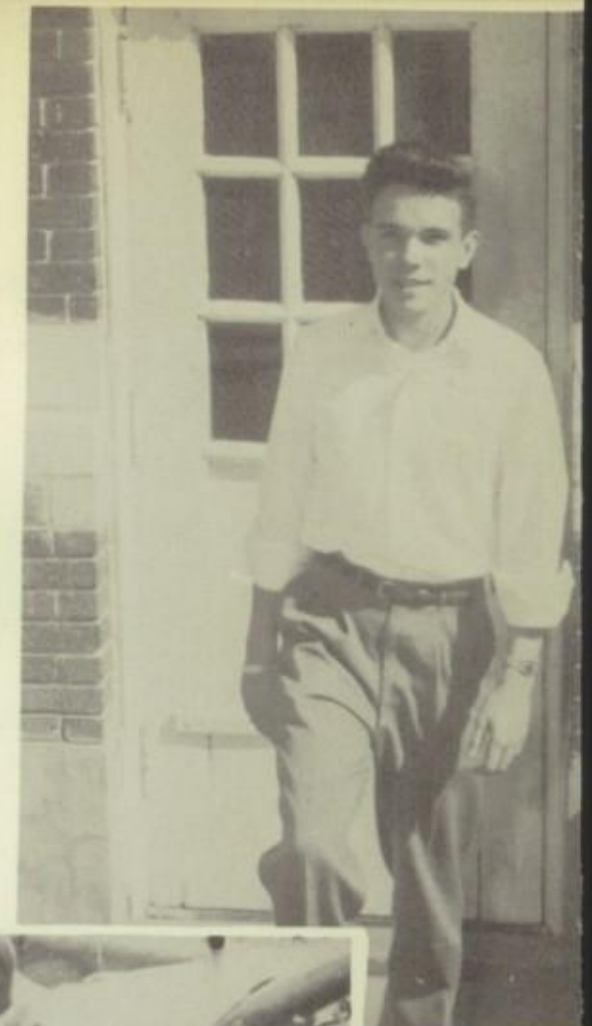

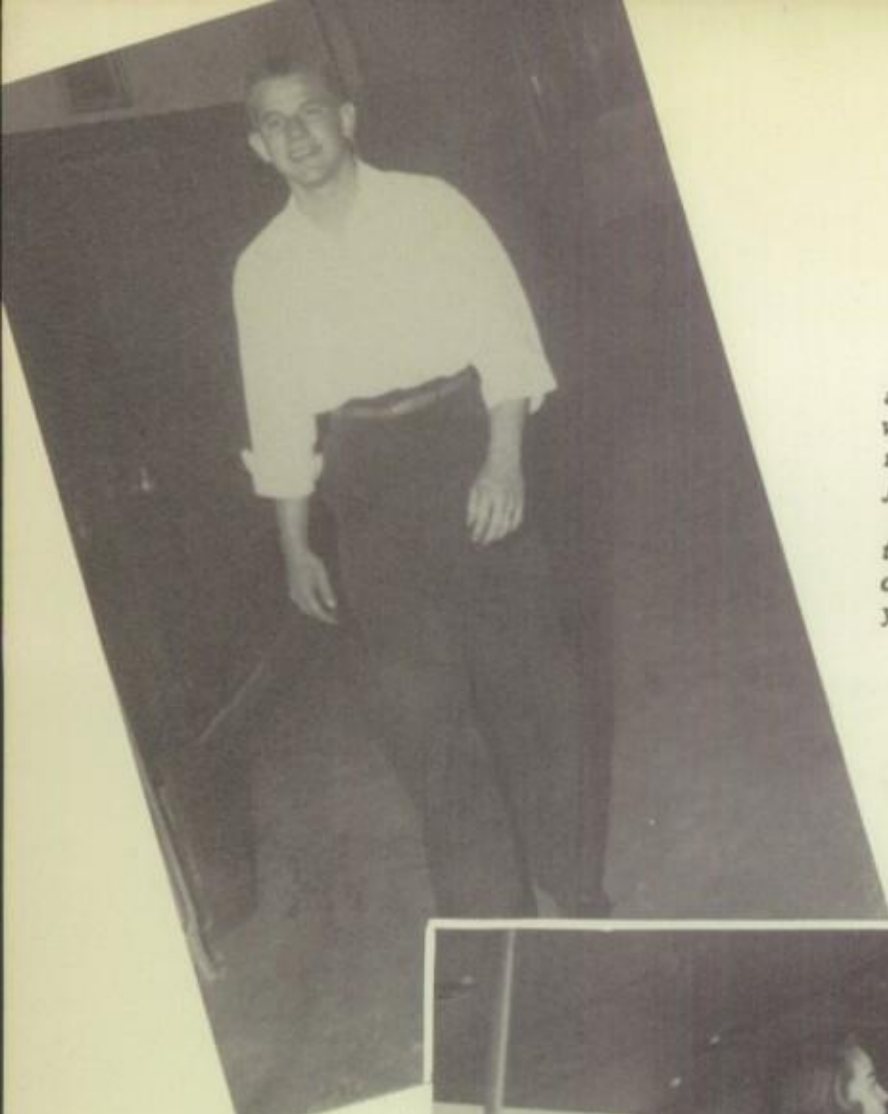

Trying for the academy award we find Beverly Burns during one of her drastic moments in the 1950 Orbit assembly.

One of the outstanding plays of this year at Classen was "Charlie's Aunt," given superbly by an outstanding cast.

We expected water but didn't get it when these saucy sailors grew jubilant in the Classen vs. Central pep assembly.

Sophomores also play an important part in our school. Starting clockwise from the upper right hand corner are Joe Stevens, Suzanne Mideke, Joyce Pritchard and David Rose.

These people have been picked by the Orbit Class because they have done a fine job in their sophomore year.

Something that is comparatively new here at Classen is flight training which has grown to be very popular. Robert Fraker seems to be trying to give a lesson to Joan Davis while Don McKee and Alice Gilham look on.

SOPHOMORE CLASS OFFICERS: Stewart Meyers, Joe Messenbaugh, Margy Stipes, Tom Murphy.

Sophomores

This year's sophomore class is one of the largest to be enrolled in Classen. While the seniors of the 1950 class take the most active part, they feel secure in leaving their work to be taken over by the sophomores. If the sophomores increase their knowledge as they progress, and enter into all school activities, they will be following the good records that have been left them.

The officers of this year's class have done a good job in presiding over the limited activities of their group. All the problems that arise day after day are taken care of by our very capable sophomore sponsor, Miss Retha Wave Hulet.

The activities that the sophomores may enter are unlimited: sports, speech work, journalism, and all of the honor clubs, not forgetting the fine pep clubs which will take in these industrious people.

Winning all of their regular season games but the last one, the mighty Boulevard Boys sailed through with 18 out of 19 games in the regular season and 24 out of 25 games this year.

The losing game went to the Shawnee Wolves with a 26-25 setback. But this was a trifling matter, as the favored Classen Comets easily walked away with the City, Mid-State, and State Championships.

The only tough tangle the Comets had was in the first game with the Northeast Vikings, held at Classen. By freezing the ball for 12 breath-taking minutes, the Comets sneaked out with a 28-25 win.

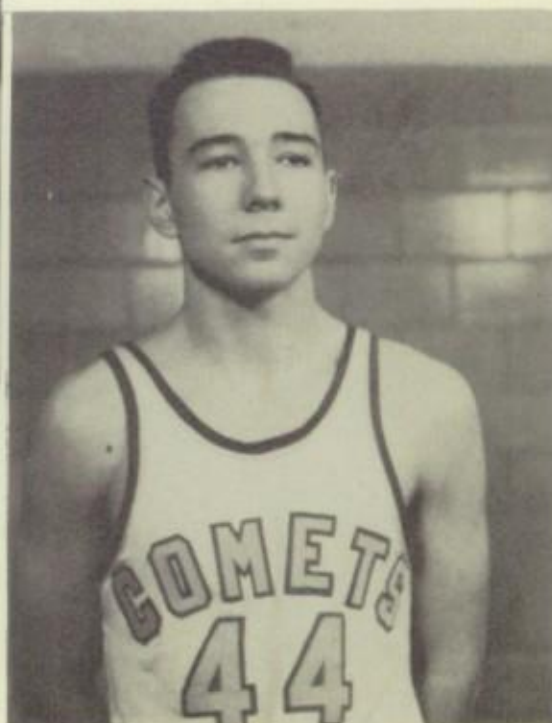

Only one game was postponed, and that being against Central because of the inter-school behavior.

Coach Carroll Smelser gave the team his good advice and pep-talks which mainly accounted for the excellent ballhandling

the Comets displayed in one of the best basketball seasons at Classen.

Captain Melvin Freeman, who made All-City, All-District and All-State, displayed good sportsmanship and teamwork throughout every game.

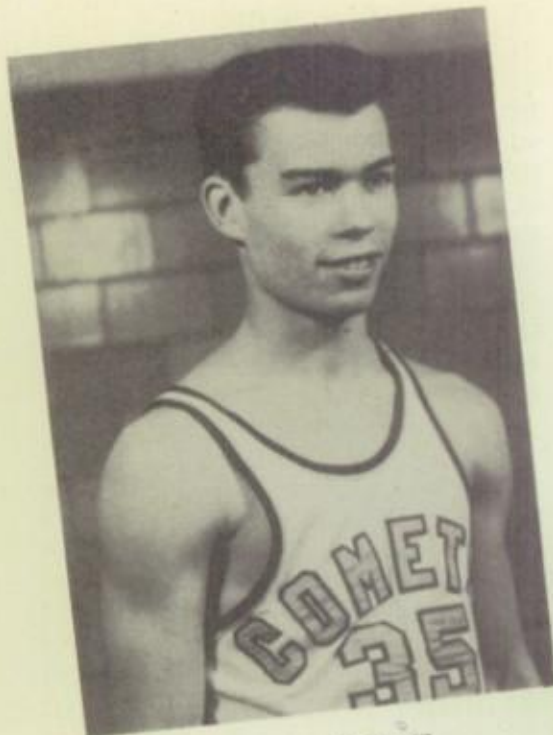

All-Stater Bob Waller ended the season with a high 15 average per game. But it took the whole Classen squad to put those trophies in the cases.

In the regionals the Comets' first victims were the Central Cardinals by a 49-33 margin and Guthrie by a sound edge. With a 47-12 breeze Classen triumphed in the finals over Putnam City. The Comets shot through the State tournament in traditional style.

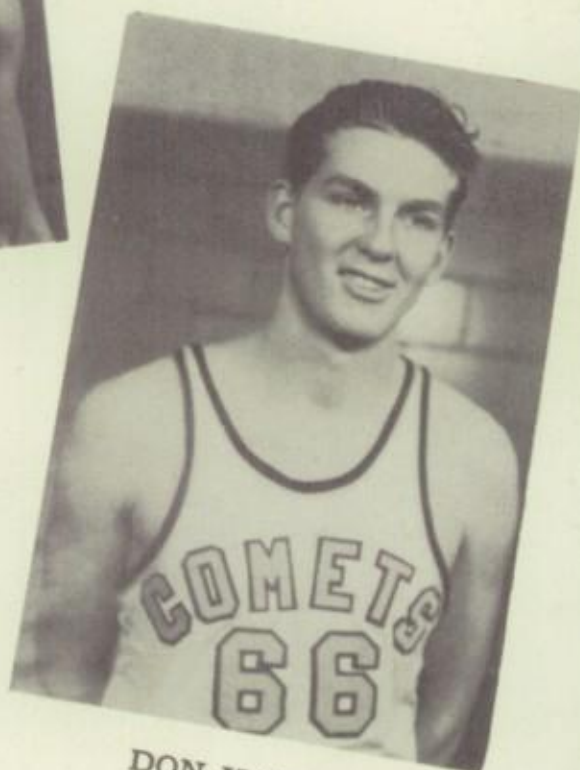

Congratulations to the rip-roaring team of 49-50, which has set a noticeable record and a sensational showing in basketball.

Everybody here is dancing or talking except that camera conscious Don Peters.

Who's doing all the work, Frank Mitchell or his saxophone?

Classen is very proud of their school dance band, the Sooners, who play for all mixers and assemblies. They have auditions for their singer each year and it is considered an honor to be chosen.

Junior Class

The Junior Class of 1950 is looking forward to another colossal school year here at Classen, as this year's "gay" seniors move on to new careers.

But while the juniors have enjoyed this year of school, it is nothing compared with what is in store when you are a senior.

The Juniors have an innumerable list of responsibilities such as, sponsoring the Junior-Senior Prom, to planning many activities, putting on plays and assemblies, helping with the senior graduation and assisting the school with any other various activities through the year.

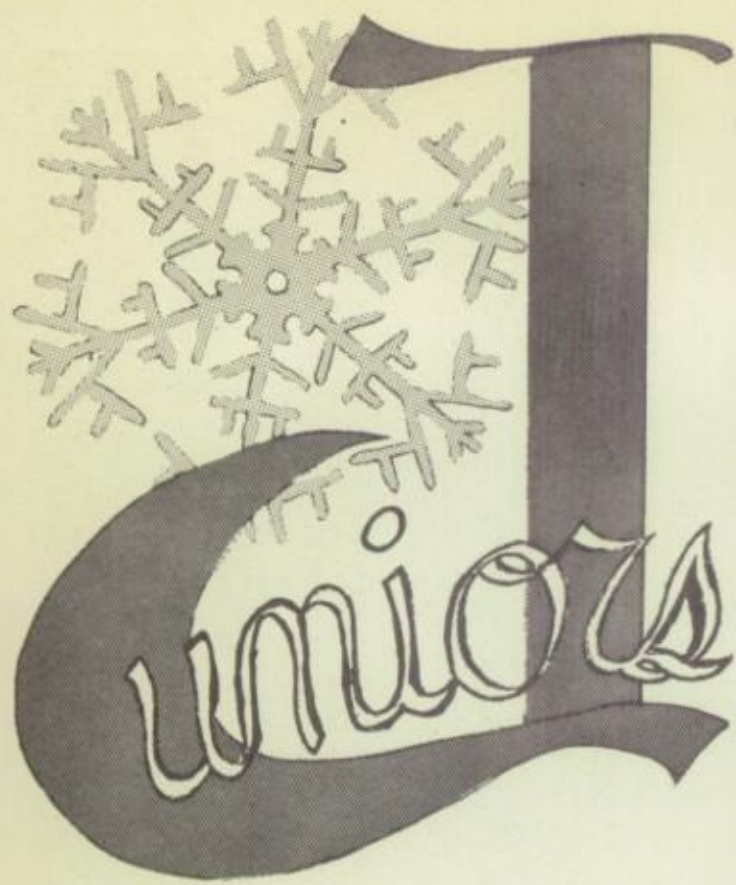

Classen High has more courses to offer than any other school in the southwest. There are many gym courses, all of which are different. Commercial, science, industrial arts, mathematics, English, and history courses are but only a few of the ones offered here.

In the past year the juniors have had many opportunities to learn, but school was not all work, and they actively participated in the various mixers, capers, and plays.

SPRING

Girls Sports

As in the past, Classen girls this year have excelled in all phases of sports. Under the able guidance of Mrs. Harriet Pulley and Miss Naomi Henricks the girls have enjoyed a successful year. Both team and individual activities have won honors for Classen.

Volleyball and fieldball teams played in city tournaments. The volley ball team was beaten in the finals by Britton, the only team to beat Classen this year. Northeast defeated the fieldball team in the semi-finals. Some of the outstanding all-around players are Peggy Garoutte, Loyce Willett, Helen Gardner, Martha Madden and Mary Field.

Not to be outdone by team sports, the girls in individual sports have also brought honors to Classen. In ping pong Kaye Schmidt took first in the state, while Bobbie Jean Knight captured the state honors for badminton and first in the city for ping pong. Peggy Davis walked away with the state championship in tennis.

Our swimming team also excelled by winning first in state. Some of the girls responsible for this were Martha Hall, Revajeane Porter and Norma Donnell, all outstanding swimmers. If some observers ever walk into a seventh hour swimming class, they will

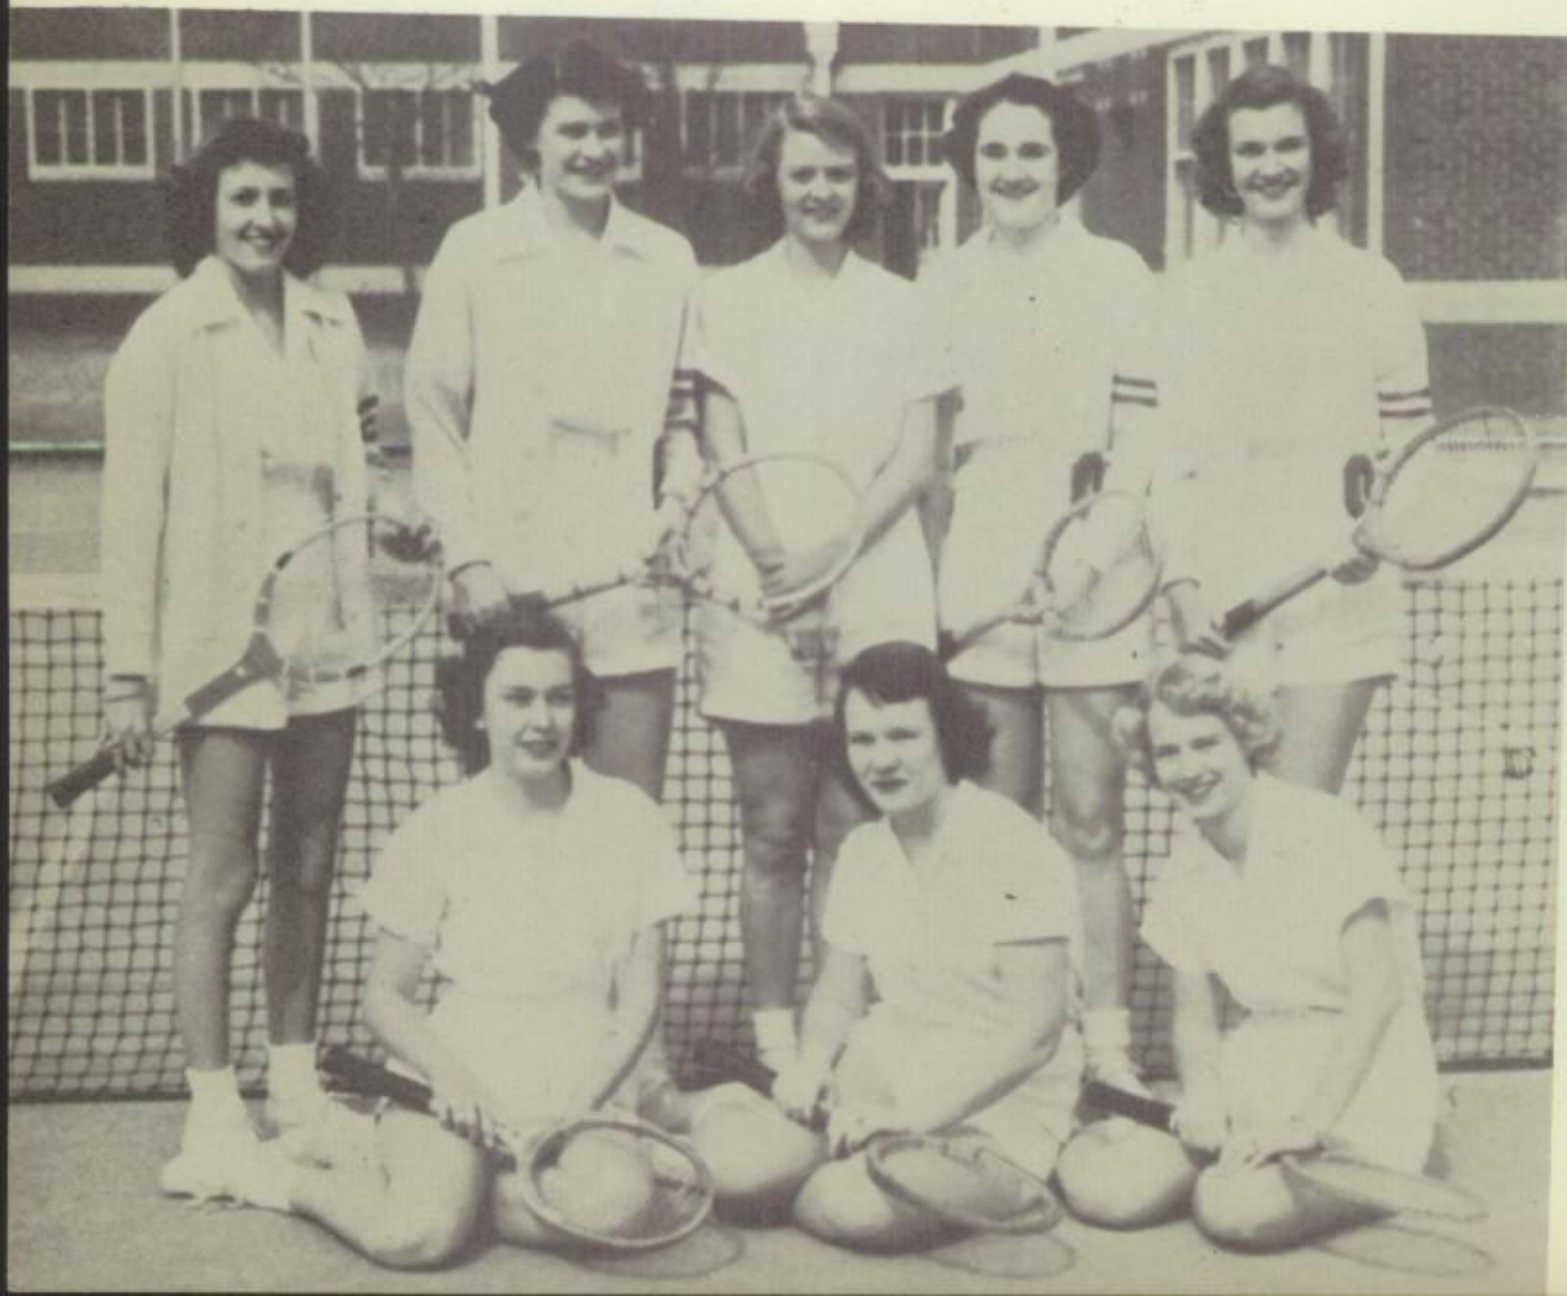

find the girls practicing diligently the back, side and breast strokes for form, and the crawl, racing back strokes and racing dives for future swimming meets. Toward the deep end of the pool some of the girls are perfecting their dives, which range from the "belly buster" to the graceful swan dive. Daily practice, such as this, is why Classen has a fine swimming team.

In the sophomore gym classes all types of sports are offered. Just this year, a home nursing course was added from which the girls got profitable training for future use. Mrs. Fern Sheets, from the Red Cross, instructed the girls in this course. Some of the things taught were bed making, bathing and care of the patient.

There is a physical examination of every girl entering in competitive sports. All girls must pass this test in order to participate in sports events. Fortunately Classen has healthy girls.

This, and many other features, are being added to the physical education department, resulting in finer achievements in all phases of sports.

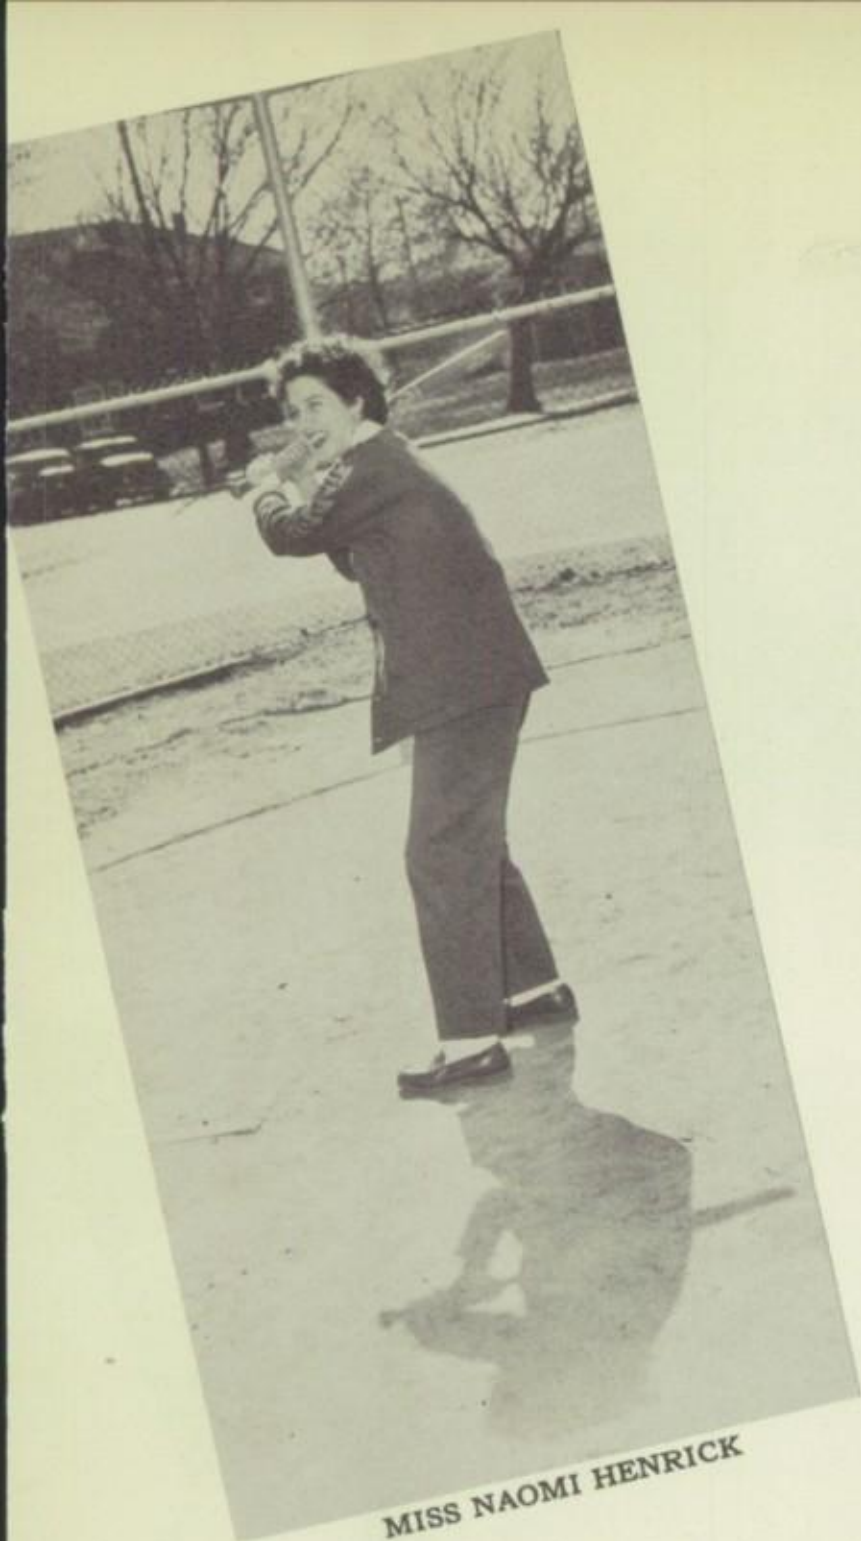

Looking back through the year, everyone agrees it was a very enjoyable one, with the exception of Mrs. Pulley's case of mumps.

As all good things must end,—so does the last year in our carefree days at Classen.

Never again will we cheer our highschool basketball and football teams to victory or feel sad because they lost. Remember the times we rushed breathlessly to class a few seconds late, only to have a make-up time slip thrown our way?

But most of all, we'll miss those faces we've seen and spoken to for three years, and then the ones we leave behind.

With the year's ending comes the Senior Commencement—the memorable ordeal we've been working toward since we can remember. And then there's the Junior-Senior Prom, remember last year we didn't seem half so excited.

These memories, both good and bad will remain in our hearts forever and even though we may have happier times, there is something about our highschool days that will never be forgotten.
